

MANIFESTO

FOR ONE **UNITED REPUBLICAN** **CANDIDACY** IN SANT JUST DESVERN

As local residents in Sant Just Desvern who believe in **freedom, equality and fraternity in democracy**, we want the mayor in our town to work for these republican values.

We hereby manifest our support for arranging a single united cross-party candidacy, bringing together individuals, community organisations and republican political parties, **in order to ensure that the next mayor in Sant Just will be a republican.**

With the waves of repression we currently face in our land, whoever holds the office of mayor should take a clear stand in favour of:

- **Individual and collective freedoms and rights.**
- **Freedom for political prisoners and the safe return of those forced into exile.**
- **Righting the wrongs caused by article 155.**
- **Recognition of Catalonia's sovereignty.**
